

SKC KERWIN MURRELL

I would like to Nominate SKC Kerwin L. Murrell as one of the Top 100 Best Chief in the U.S. Coast Guard. I served with this Great Chief from July of 2014 to April 2015 before making SK1. His Professionalism, Patience, Calm Disposition and Intelligence is the Best I have seen while serving as an Active Duty Member for almost 20 years.

Chief Murrell did not Drive out Darkness with Darkness, Chief Murrell Drove out the Darkness with Light, Love and Patience. Time after Time and Issue after Issue I did not see him falter. Chief Murrell would be in his office with the Office Phone in one Ear and the Cell Phone in the Other Coordinating Logistics and Issues at USCG BASE ALAMEDA as the Warehouse Chief and I was his right hand Man and one of my Best Memories of my Career.

Many did not Agree with the Calm Patient Direction but some saw the Bigger Picture. The Best story I know is of myself where I wanted to knock over anything that got in my way but while Serving with this Great Chief I was met with a Tap on the shoulder and Great Conversations, Life Lessons and Sea Stories that would last long after the work day ended in how to Treat people with Light, Love and Patience and that the Aggressiveness I had previously learned was not the way to go.

Chief Murrell Juggles a Wife and two Beautiful Children Diaje and Brinlee Murrell and a Small Team of SK's Currently at Air Station Sacramento, California where he continues to work hard and then work harder. I will put my Chief up against any Chief, Senior Chief or Master Chief out there in this Great Organization with all Sincerity. Chief Murrell can do any job, tackle any problem effectively and remain Calm Collected, all while making us Laugh and give Wisdom to those who will listen.

Chief Murrell is Physically, Mentally and Spiritually Tough - From Driving Small Boats to Fork Lifts spending more time on the Water than some Cutterman. This Great Chief is who I recommend and if there are any doubts within 30 seconds on the phone with him or Face to Face you will see what the Best Chief in the Coast Guard Looks and sounds like.

Just a Few of the Official Responsibilities of Chief Kerwin L. Murrell:
